

WASHOE COUNTY DISTRICT ATTORNEY

Dear Friends and Colleagues,

For the past 23 years, I have had the privilege of serving as a prosecutor in the very community that raised me. I was born here and have dedicated my entire career to protecting our families, friends, and neighborhoods. I know firsthand the dangers that we face and have personally prosecuted some of the most serious and violent criminals who have threatened our community. I am honored to lead a team of professionals who work relentlessly to uphold justice in Washoe County.

I am proud to announce that I will be seeking re-election as your Washoe County District Attorney in 2026.

I have built a proven record of results, innovation, and responsibility over the past 11 years as your District Attorney. Under my leadership, our office holds criminals accountable every day—aggressively prosecuting habitual offenders, child sexual predators, violent criminals, and domestic abusers—sending a clear message that crime has consequences in our community. Accountability comes in many forms, and I have also supported proven alternatives for low-level offenders whose crimes are driven by addiction or mental illness. When striking this balance, it is important to put crime victims first.

Since taking office, I have significantly expanded our victim advocacy program, ensuring that crime victims are not just supported, but empowered. From launching creative initiatives to securing funding for critical resources, my office has become a statewide leader in victim services.

In addition, I have prioritized smart governance by securing millions of dollars in grant funding to improve productivity and invested in technology that saves taxpayer dollars and streamlines our operations. Transparency, integrity, and trust have always been cornerstones of my leadership. Whether it's through open communication or public outreach, I believe in accountability to the people I serve.

Serving as District Attorney is about duty, public safety, and, above all else, justice under the law. Though a political office, it is not about politics, notoriety, or a stepping stone to a higher office. It is about family, commitment, and community. I am a prosecutor first and feel fortunate to have found a calling that reflects my core beliefs: justice, accountability, community safety, and standing up for what's right, especially for the most vulnerable among us. I will never stop fighting for those ideals because they are not just part of my job—they are part of who I am.

I remain deeply humbled by the trust this community has placed in me, and I would be honored to have your continued support as we look toward the future.
